GOtha AIRMEN BOMB WOUNDED

More Than Hundred Nurses, Attendants and Patients Killed and Injured in Hun Raid

FORTITUDE OF THE WOMEN

British Airmen Penetrate German Territory and Drop Explosives on Fortified Strongholds

(By United Press.)

London, May 23.—German bombardment in portions of the Picardy and Flanders front and continued raiding operations were reported by Field Marshal Haig today.

Washington, May 23.—Germany's third and perhaps final great drive will be launched about June 1 according to the predictions today of Gen. W. A. Bridges chief of the British military mission here.

With the British Army in France, May 23.—More than 100 nurses, patients and attendants were killed or wounded in a raid on a large number of hospitals by German airmen.

A score of huge airplanes circled over their objectives where the Red Cross was plainly visible, dropping bombs of enormous size to fire the buildings and insure the greatest possible destruction of life.

British aviators and anti-aircraft guns battled with the Hun squadron, bringing down the enemy commander's machine.

One-half of the hospitals where the greatest death toll was posted almost entirely disappeared.

Nearby was a crater 15 feet across and ten feet deep where a large bomb fell on the nurses quarters. Those who witnessed the attack said they never saw anything so wonderful as the courage of the women during the raid, which lasted for two hours. Dugouts were provided for them in case of danger but none deserted the patients. The commander and his observers were wounded. A third occupant of the machine guns was not wounded. The Prussian commander speaks English perfectly. He is in one of the hospitals which he bombed being cared for by the women who he tried to kill. He claims he did not see the red cross. He noticed a hospital, he said, however.

These hospitals never were bombed before. There were some Americans in the groups but none of these was touched.

Raid German Strongholds

London, May 23.—British air forces in raids Tuesday afternoon and night dropped several tons of bombs on enemy strongholds in Belgium and Germany, it was officially announced today.

CASE OF SON VS. HIS FATHER

Suit For Accounting and Receivership is Heard by Judge Sparks

The case of Irvin Cross against his father, William Cross, for an accounting and appointment of a receiver, was heard by Judge Sparks yesterday in circuit court. Only evidence was introduced and the argument will be made at a later date. Cross and son were engaged together drilling wells.

Land of the late Cassie Jefferson estate has been ordered sold at private sale without notice and for cash, by Judge Sparks. The administrator, John W. Watkins, petitioned for the permission to sell in order to pay debts.

EVERY MAN IN OLD CO. B RESPONDS TO CALL

Not All of Them Are Accepted For Oversea Service, But Number Are Ready to Go

OTHERS TO BE TAKEN LATER

When the call for recruits for overseas service was sent out at Camp Shelby, Miss., every boy in the Rushville company who left here last summer responded and although all could not be accepted at this time, the remainder have been held in waiting and will be given the first opportunity when the next call comes for foreign service.

When the company was organized a year ago, the boys were intensely eager for foreign service and, judging from the response which was made when the call came, this enthusiasm has not waned. The members of the battery who are about to depart for overseas service are: Charles Clevenger, Wilbur Clevenger, Ralph Pen, Omar Pen, Louis Brown, Donald Moore, Faye Wiley, Roy Beeler, Jesse Taylor, Earvin Rogers, Lytel Roberts, John Wright, Carl Switzer, Carl Spilman, Wilford Buell, Charles Hokey, Grover Wallace, Paul Bennington, Milton Barnard, Herbert Armstrong, Earvin Loyd, Paul Manning, Charles Weed, Harry Fritter and Sergt. Edward Black.

CORN FOR THE RED CROSS

Four bushels of corn contributed to Union township Red Cross workers during the egg drive a few days ago will be auctioned off Saturday afternoon here in Rushville by Dusty Miller and the proceeds will go to the Red Cross. The farmer who gave the corn had no eggs and contributed it instead. It is dry selected ears from last year's crop and would serve as seed. The auction will take place in Main street just north of the intersection of Second street.

BIG SUBSCRIPTIONS ARE IN SIGHT NOW

Present Indications Are War Savings Stamp Drive Will Start With a Big Boost

DOING ORGANIZATION WORK

Campaign Managers Arrange For Meeting of War Relief Organization Saturday Afternoon

A number of large subscriptions are in sight for the approaching War Saving Stamp drive which will be launched here Monday morning and continue throughout the week in co-operation with a similar movement through the sixth district and the state.

The county organization is being perfected and has already reported great enthusiasm on the part of numerous citizens who are assisting in every manner possible in furthering the interest among county residents.

A meeting of all of the county relief workers has been called for Saturday afternoon at 1:30 in the sheriff's office by T. M. Green, county chairman of the defense council. Letters announcing the meeting and urging their attendance have been issued to all members of the war activities board including the bond salesmen, the woman's committee and the executive committee of the defense council.

John A. Titworth, chairman of the war saving stamps committee, has emphasized the necessity of a good attendance at the meeting Saturday as a final step in the organization work before the campaign is launched on Monday. Women workers are especially expected to be active in the canvassing program of the oncoming campaign and will establish their headquarters in the library in the court house. Because of the excellent work which was done by the women in the Third Liberty Loan campaign a short time ago, the same organization will be used for the Thrift stamp drive.

Keenest competition among the students of the local schools in the sale of stamps is in progress this week and especially in the high school where interscholastic contests are being conducted. The sales of the students have mounted, in

SUGAR FOR USE IN CANNING PROVIDED

Twenty-Five Pound Quantities Will be Sold During Preserving Season by Dealers

CARDS RECORD SUGAR SALE

Strictest Rulings Enforced With Sale With Severe Punishment Attached to Law Violation

Cards have been supplied to every grocer in Rush county, printed and designed solely for the purpose of recording the sales of sugar in the county for canning purposes.

Many women through the county, skilled in canning and preserving have watched the approach of the canning season, noting the restrictions in the sale of sugar and have wondered what they would do if the ban on the amount of sugar to be sold per person were not raised.

As indicated on the cards, each one must be returned to the food administration headquarters with data on each card, concerning the number in the family, the name and address of the consumer, the date on which the sugar was purchased and the name and address of the dealer.

The strictest rulings have been issued in regard to the sugar sales and that purchased in twenty-five pound quantities is to be used entirely for canning purposes and then must be used conservatively. If there is an amount left after the canning season has been finished the person who purchased it is pledged to return it to the dealer.

In distributing the cards, Dr. Frank Sparks, city food administrator, declared that persons obtaining sugar under false pretenses, taking advantage of the canning law would be dealt with severely by the government and that there were men commissioned by the government to see that such rulings as this were obeyed.

The pledge attached to the card reads as follows:

"I agree to use the sugar for canning and fruit preserving only. I further agree that I will not sell, loan or otherwise dispose of any of this sugar to any other person. I will not again apply to any dealer for sugar for this purpose before

BEES TO BE AUCTIONED OFF

Proceeds From Swarm Hived Yesterday to go to Red Cross

The fine swarm of Italian bees which settled on a tree on the court house lawn yesterday afternoon and was hived by a number of men, will be sold at auction on the court house lawn Saturday afternoon at 2:30 o'clock and the proceeds will go to the Rush county chapter of the American Red Cross. The bees attracted the attention of a large crowd of people when they swarmed on the court house lawn and someone conceived the idea of hiving them and selling them for the Red Cross. Dusty Miller will cry the sale.

129 GRADUATES WILL GET DIPLOMAS JUNE 5

Posey Township Leads with 21 Eighth Year Pupils and Anderson Second with 20

SEYMOUR MAN WILL SPEAK

One hundred and twenty-nine students, graduates of the common schools through the county, will participate in the exercises on Educational Day which will be observed in this city, Wednesday June 5.

The address will be delivered by C. W. Whitman of Seymour in the auditorium of the Graham Annex when all of the schools in the various townships will be represented, by Posey township, which with its graduating class numbering twenty-one members is the largest in the county this year.

The graduates from the different townships include seven from Richland, twenty from Anderson, three from Ripley, eleven from Center, three from Jackson, fifteen from Noble, fourteen from Orange, twenty-one from Posey, fourteen from Union, thirteen from Walker and eight from Washington township.

The program which is one of the most prominent of the educational features of the year, will consist of musical numbers in addition to the address and the awarding of the diplomas by C. M. George. The graduates will form in a parade at the court house and proceed to the auditorium in a body.

KATIE HINES ASKS DIVORCE

Katie Hines, colored, has filed suit in the circuit court for a divorce from her husband, Rice Hines. They were married in July, 1912, according to the complaint, and separated April 10, 1917. Mrs. Hines alleges cruel and inhuman treatment and failure to provide. She says her husband would not buy her clothes and that he unjustly accused her of associating with other men.

DRIVE FOR MERCY FUND CONTINUED

Canvassers in Townships Refuse to Report Final Totals Until Every Person is Seen

TWO TOWNSHIPS BELOW MARK

Franklin Only County in District Not Reaching Quota, E. B. Thomas Learns Today

With their usual persistence Rush county Red Cross canvassers are continuing their subscription work, despite the fact that the county reported in excess to its quota of \$16,000 Tuesday afternoon. County officers today stated the final reports would near the \$20,000 mark. "I have asked for final reports from the townships," stated E. B. Thomas, chairman of the campaign, who is endeavoring to wind up the campaign as soon as possible, "but the canvassers insist that they have not covered their districts and refuse to report final totals until they have done so."

This excellent spirit which is the same throughout the county, proves as nothing else could have done that Rush county residents are awake to the great need of the money which is being asked and as red blooded Americans should do, the response from Rush ranks her among the first counties in the state. The comparison of reports in this drive and in the initial Red Cross drive which was carried on some time ago show that in numerous districts the subscription has been increased many times the amount of the first subscriptions. One district in the city which reported a collection of \$28 in the first drive has totaled almost three hundred dollars this week.

There are still two townships in the county which have not yet reached their quota and notified the headquarters today that they would continue their subscriptions until Saturday afternoon.

With the exception of the fifth district in which each county has reported its subscription complete, the sixth district of which E. B. Thomas is chairman, ranks among the first in the state. Franklin county had failed to report their quota last night thus keeping the entire district from being white but the county chairman stated in his latest report that the canvassing did not begin in earnest until yesterday morning and that a final report would probably be submitted not later than this evening.

Washington, May 23.—President Wilson regards a tax bill necessary at this session of congress. It has been officially learned that Secretary McAdoo held a conference with the president and won the executive's approval of the proposed revenue measure.

All of the men in the quota reported at the clerk's office this afternoon at one o'clock and are ready to leave in the morning. Several

JACK WEVIE TAKEN TO FORT HARRISON TODAY

Local Selective Absent From Camp Taylor Since May 12 is Found by Voorhees Cavitt

TAYLOR REPORTED IN CAMP

Jack Wevie, who together with Chase Taylor, has been absent without leave from Camp Taylor, Ky., since a week ago last Sunday night, was found here last evening by Voorhees Cavitt, former county sheriff and member of the county army selection board, and taken to Fort Harrison today by Mr. Cavitt and Deputy Sheriff Spivey.

Wevie was seen walking along Sixth street by the Moore green-house. Mr. Cavitt told him to climb in the automobile, which Wevie promptly did, and he was put in jail.

Reports have been received by the authorities for a week that Wevie and Taylor were lurking in the river bottoms around Rushville. The sheriff and his deputy were in Connersville the other night looking for Wevie, having heard he was there. It is thought Taylor has returned to camp, though no word to that effect has been received here. Taylor told his friends he was going back to camp when he left Rushville last Sunday. Taylor and Wevie were sent to camp with the increment leaving here Saturday, April 27.

CANDIDATES MUST FILE ELECTION BILLS

Eighteen Comply With Law so Far and Remainder Have Until June 6 to do So

ADVERTISING MAIN EXPENSE

Defeated as well as victorious candidates in the primary election May 7 have thirty days in which to file a statement of their campaign expenses with the clerk of the circuit court in the court house. Eighteen candidates have already complied with the law, but the large majority of them yet have to file their expense accounts. June 6 is the last day.

A number of the candidates spent nothing, especially those without any opposition. Regardless of whether they spent anything, the candidates have to file a statement.

The following candidates on the county tickets have filed statements showing the amounts they spent, practically all of which was for advertising: H. V. Logan, democratic nominee for representative, \$3.52; Earl Priest, republican nominee for assessor, \$26.75; Henry W. Sebrador, defeated republican candidate for assessor, \$18.75; W. R. Jinnett, republican nominee for the legislature, \$15; Harry Gosnell, republican nominee for commissioner of the southern district, \$41.08.

Registrants Must Do A Man's Work Or Fight

Provost Marshal Rules Men Subject to Draft in Deferred Classes Have to do Something

MAY HIT NATIONAL PASTIME

(By United Press.)

Washington, May 23.—All men subject to draft hereafter must do a man's work or fight. This rule, operative July 1, provides that all loafers and men not in useful occupations listed in deferred draft classes must engage in useful war work or be drafted into the fighting service.

Provost Marshal General Crowder announced today the plan for this new system. It will affect gamblers,

race track men, waiters, attendants of clubs, hotels and apartments and with some exceptions domestic servants, clerks of department stores and other mercantile establishments. The exemption will not protect men thus classified. Local boards will conduct the weeding out process. The plan is framed so that practically all of the men thus shifted or sent into the army can be replaced by women.

Strictly enforced the new regulation would practically break up professional baseball, officials admitted.

Crowder declined, however, to give a specific ruling as to whether the order affects baseball until a case had been presented to him by a local board or until Secretary Baker had made a statement of policy.

Amusements

Jewel Carmen, known in years
 past as an artist of the legitimate
 stage, appears today in a big New
 York stage success, "The Kingdom
 of Love" at the Gem theatre. The
 play, which is in five big acts, deals
 with the career of an extraordinary
 girl who is thrown into the vortex of
 life among gold seekers of the
 North.

The play is full of thrilling cir-
 cumstance and display of human
 emotion, and it gives opportunity for
 many unusual and brilliant scenes.
 It is done in the fashion that has
 brought fame to the name of William
 Fox and it is absorbingly interest-
 ing from start to finish.

It is said that some of the inci-
 dents in this play have been put on
 the screen in an entirely new way
 and that there are many unusual
 features which will make the pro-
 duction one long to be remembered.

A Story of the North Woods
 A story of the great north woods
 is told in "Jules of the Strong
 Heart" which will be shown at the
 Princess theatre this evening start-
 ing George Beban. The smell of the
 pines and the breath of love mingled
 into a plot that brings a lump in
 your throat one moment and leaves
 you convulsed with joy the next.

Winsome Billie Burke is to appear
 at the Princess Theatre tomorrow
 in her latest Paramount picture, "Eve's
 Daughter." This is an adaptation
 by Margaret Turnbull of Alice
 Ramsey's play of that name, which
 was produced on Broadway this
 year with Grace George as the star.

The excellent cast includes Thomas
 Meighan, who, it will be remem-
 bered, appeared with Miss Burke
 in the "The Land of Promise," "The
 Mysterious Miss Terry" and others.
 William Riley Hatch, Florence Flynn,
 Lionel Atwill, Mary Navaro and oth-
 ers. The story deals with the sud-
 den emancipation of a girl from the
 restraints of a strict father and the
 rather disastrous results which
 follow, with a happy ending, how-
 ever.

STARTS FROM A BONFIRE
 The roof was burnt from the barn
 in the rear of the home of Mr. and
 Mrs. Curtis McGuire, 511 North Ar-
 thur street, yesterday evening about
 four-thirty o'clock no other damage
 resulting.

The fire is believed to have start-
 ed from a bonfire which was made in
 back of the barn by several boys
 who were playing there. A whiff of
 wind carried a portion of the burn-
 ing trash onto the roof and before
 the fire was noticed it had gained
 such a headway that by the time the
 fire department arrived, the entire
 roof had disappeared. They suc-
 ceeded, however, in extinguishing
 the flames before the contents of the
 barn were burned.

IS READY TO BUILD ALLEY

Tom Cauley is Waiting Until the Obstructions Are Moved

Tom Cauley, who was awarded the contract to build a cement alley from Fifth to Sixth streets between Main and Perkins, said today he was ready and willing to start work on the improvement as soon as the obstructions are moved. The city attorney was instructed at the council meeting Tuesday night to sue the contractor on his bond, but Mr. Cauley says it is no fault of his the work is not started because he is anxious to go ahead since he has the material for the contract. Two barns, a fence and other obstructions have to be moved before the alley can be made sixteen and a half feet wide, according to plans and specifications.

GOTHA AIRMEN DROP BOMBS ON THE WOUNDED

Some of the planes penetrated as far as Meiz, it was stated, bombing railway stations there. The railway yards at Liege were attacked and two tons of bombs dropped upon a chemical plant. Three fires were started in the city.

During the same period 16 enemy planes were brought down while two others were forced down out of control and two balloons were destroyed. Anti-aircraft guns disposed of two other enemy planes.

She Has Given Her All What Is Your Gift?

ANY person who isn't willing to make sacrifices at a time like this—who isn't willing to back our Government and our soldiers to the full extent of his or her ability—who isn't glad to contribute to the Red Cross and send money on its errand of mercy to suffering, wounded American soldiers and starving little children in Europe—such a person can not live on free American soil with a clear conscience.

Red Cross records tell of many a poor mother who has given her son—her all—and yet insists on still contributing to the Red Cross. Millions of loyal Americans will pledge a part of each month's earnings during June, July, August and Sept. \$100,000,000 must be contributed.

What Will You Do To Help?
Red Cross 2nd War Fund May 20-27

Every cent given to Red Cross War Fund goes for War Relief.
The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.
It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.
It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.
It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.
Thus does Red Cross help to win the war.
Congress authorizes it.
President Wilson heads it.
The War Department audits its accounts.
Your Army, your Navy, and your Allies enthusiastically endorse it.
Twenty-two million Americans have joined it.

You Know You Can't Always Judge

a man by the clothes he wears, but you surely can by the house he lives in; by the way it is kept up.

A house may be ever so humble but still have the splendor and bearing of a beautiful home, by the way the man keeps it in repair and paint.

A man's personality is seen as much in his house as it is in his actions and behavior. It will show whether he has pride, is thrifty and industrious or just common lazy.

Even the house he rents for someone else to live in is no exception. He can't expect to get and keep the right people in his house if he don't keep the house right.

To do this he must seek the right place to get his material.

REO

**Which Do You Prefer;
A Quick Get-Away
—Or a Sure Start?**

OF THE TWO, which do you prefer in a motor car?

YOU CAN HAVE ONE— but it is impossible to have both in the same car.

OF COURSE most makers claim to have both qualities in their motors—but proof is lacking.

EVER NOTICE how, on a very cold night, after the theatre or concert, every Reo starts on the touch of the starter-button, while others start only after long minutes of grinding—or exhaust their batteries and have to be hand-cranked or towed.

JUST WATCH THIS on a cold night when all makes of cars are engaged in an impromptu starting contest.

REOS ALWAYS WIN in that test—mainly because of the low compression Reo motors.

EXCESSIVE ACCELERATION is achieved by the adoption of high compression. Excessive power and speed too—beyond the needs or the desires of most owners.

BUT LOW UPKEEP—economy in operation and in maintenance over a long period of years—as found in Reos—is one of the results of adhering to the low compression principle.

55 POUNDS per square inch is the Reo rule—some engineers double that.

LONG LIFE of bearings is another Reo quality—due to the use of "over size" bearings and the lesser strains to which they are subjected in the low-compression Reo motor.

DOES IT MATTER whether you reach the next street corner a second or even three seconds later?

OR DO YOU PREFER a car that is certain to start—and save the time that way.

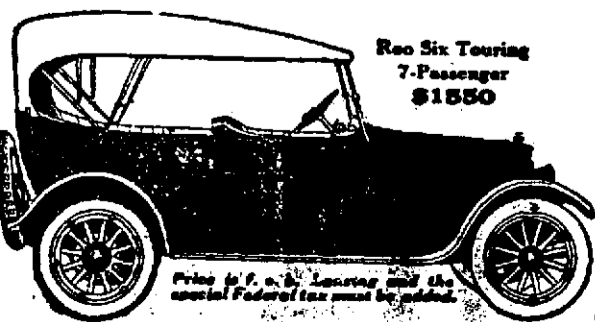

IT IS A FACT that in a race from a zero motor to the next street crossing, a Reo will win every time.

AND IN THE LONG RUN there's simply no comparison in the durability, the dependability and the general upkeep of Reos and the high-compression kind.

IN THAT REGARD—in those most desirable of all qualities, Reos know no rivals—no peers.

**"Let George Do It"**

It is a lamentable fact that thousands of otherwise good, loyal citizens of this country have never outgrown that boyish inclination to want "George" to do it. They have not realized that both themselves and "George" have grown to man's stature and assumed man's obligations.

In fact we as a people have been long accustomed to regard with complacency that familiar quotation, "That which is everybody's business is nobody's business," until the very thought has become a part of our natures.

But we are now being rudely aroused to the unpleasant fact that "George" is busy—too busy to assume the obligations that we can shoulder. He has also a task that is calling for the best that is in him. In this emergency there are but two courses left to us—either to bravely shoulder our load and march with the workers, or shirk the responsibility and be relegated to the rear with the other slackers.

And what a world of shame and disgrace can be compressed into that word "slacker." With what contempt we have always regarded the balking horse, rearing and plunging and fretting himself into a fever just to escape the task of drawing a load, the burden of which would have been far less tiresome than his silly, obstinate objections.

Thus with some people who call themselves good Americans. The load they are asked to assume would not prove at all oppressive if taken up cheerfully and carried patiently and bravely.

It isn't only the German spy, the German sympathizer or even the pro-German American who is doing most to clog the wheels of the great war machine. The heaviest drag to that machine is the man who whines for "George" to do the work that even his own conscience tells him he himself should do. He is not only not a help, but is a dead weight because he is leaving undone that which his government had every reason to expect he would do.

If you are expecting "George" to do it, take another think. "George" is busy—desperately busy, and has neither the time nor the inclination to take up the burden you have so shamefully cast down and abandoned.

Don't Gloom the Boys

If you have any regard for the boys in France, don't write gloomy letters. Keep the clouds out of your correspondence, and let it breathe naught but sunshine and cheer. If doubts assail you keep them to yourself, and give the soldier boy letters breathing optimism and confidence. If family cares and worries beset you, remember that his care is infinitely greater than your own. Your burden is a personal one, while on his brave shoulders rests the cares of a nation.

Bright, confident letters from home, breathing of love and confidence in our cause and in the heroes who are upholding it, will do more to win this war than any other agency. And gloomy forebodings

People's Column

Mays, Ind., May 21, 1918

To the Editor of the Republican and all to whom it may concern:

I read a statement in the Republican of May 17th in regard to a rumor that is being circulated in regard to Red Cross work in Center Township. I feel I have been singled out to bear the burden of a statement I made that I saw in the Republican a few days ago: A published report in commissioner's allowances of \$125 for Red Cross books which I inferred for auditing the books with no intent of mine to cast any reflections on any official or worker in the organization, and the party to whom I made the statement, will readily bear me out in this statement.

In reply I will ask you and the public to pardon me for going into lengthy details of my reason for the statement and what caused me to make such a statement. Mrs. Charles Harter, whom I respect highly and who is one of the executive committee of the Red Cross organization in Center township, came to me soliciting funds for Red Cross. I told her I would help a little and said to her, I thought she and the other workers who were giving their time and money free ought to have some remuneration for their services. Those, like myself who are not giving any time in the canvass and it may be some of us are not giving as much money as we should. She in reply said her time was freely given to the work.

Then I made the statement I read in the Republican in commissioner's allowance that \$125 had been appropriated for auditing the Red Cross books; if so I insisted she and the other workers should be paid for their services. Not the least thought, nor intent, nor even hint impressed Mrs. Harter that I was casting or even trying to, any reflection on any official or worker of the Red Cross organization. In talking to Mrs. Harter since she verifies my statement. In conversation by telephone to the Republican, in regard to it I told the Republican what I said was based on no intent of mine to damage the work. The inference I put to the \$125 appropriation in my statement I made to Mrs. Harter and the representative of the Republican by telephone I stand squarely back of it, but the rumor of threatened damage which bobbed up and the construction put on it as the article reads in the Republican and all that may stick to it after fully airing through the county press, I do not propose to be known as the originator as the article so reads.

Therefore I kindly ask you to publish this reply, hoping this will meet with your approval and the public in general. Respectfully,
JAMES W. TROWBRIDGE.

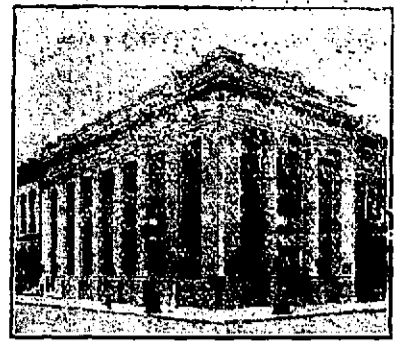

and wallings will as surely retard if not defeat us. Your boy should hear none but good news from home unless it be absolutely necessary. Not that his love and devotion is any less than of old, rather greater. This he is proving by his presence on the battle front. But his one supreme thought now is to strike with the utmost of his power for the safety and sanctity of his home, and his heart should know no other care.

Keep the glooms at home, if they must exist and send the sunshine to the boys.

The Rev. Dr. Manning, rector of historic Trinity Church in New York, asserted in a sermon on the anniversary of the sinking of the Lusitania that prayers alone will not win this war. "The nation that falls short," he exclaimed, "in feeding and equipping its armies will not be saved by prayer." This was put in shorter form by an earlier religious authority who said, "Faith without work is dead."

Bulgaria has recently decorated high German officers with the most distinguished orders which the Balkan kingdom has at its command. In every way, save possibly the actual participation in action at the front where our troops are engaged, Bulgaria is showing and has shown her favor for the Huns. Yet, for some reason, sentimental at best, the United States is restrained from a declaration of war upon her.

Rheumatism Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if two bottles of Allenbur's, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenbur has been tried and tested for years and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Allenbur relieves at once. Immediately after you start to take it the good work begins. It searches out the uric acid deposits, dissolves the secretions and drives rheumatic poison out of the body through the kidneys and bowels.

It's marvel as how quickly it acts. Blessed relief often comes in two days, and even in cases where the suffering is most painful all traces disappear in a few days.

Mr. James H. Allen, the discoverer of Allenbur, who for many years, suffered the tortures of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbur decisively conquers this worst of all diseases, and he has instructed every druggist to guarantee it in every instance.—(Adv.)

FRUSTRATE GERMAN PROPOSED TRADE PLAN

Attempt of Huns to Secure Ships to Gobble Up Trade After War is Discovered by Americans

BROKERS UNCOVER PLOT

(By United Press.)

Washington, May 23.—A far reaching effort by Germany to get ships with which to gobble up trade after the war has been uncovered by the American government. Steps are being taken to frustrate this and any similar attempt in the future by empowering President Wilson to designate exactly how many American ships may be owned by foreign interests.

Bills to this end will soon be taken up by congress.

The German plot was first uncovered when a large number of brokers avowedly representing neutral interests, swooped down upon builders, aiming to contract for a supply of American yards after the war.

TWIN BROTHERS GET PROMOTIONS IN ARMY

Earl and Earnest Marlatt Climb Military Ladder Together, Being Made Corporals

WITH 159th DEPOT BRIGADE

Ernest and Earl Marlatt, twin brothers of this city, who were inducted into the army simultaneously a few weeks ago, are continuing to do the same thing at the same time as they have done during the twenty-six years of their lives which they have spent together.

Uncle Sam has not broken this relationship as he has been accused of doing in numerous cases and recently when Private Earl Marlatt mounted the first ring of the military ladder and was promoted to the rank of corporal, the same rank was bestowed on his twin Ernest Marlatt. Both of the newly placed military men are serving in the 159th depot brigade as secretaries to the officers.

Both Ernest and Earl Marlatt formerly taught school in this county where they are well known. They completed their common and high school education together, entered DePauw university and graduated in the same class. They entered newspaper work together last summer and until they entered military service worked side by side on the Kenosha Evening News.

YOU Don't Have to Suffer

BACKACHE?

Feeling tired? Shooting pains in sides? Ankles swollen? Joints stiff? Muscles sore? Do you feel bilious and out of sorts? Have you dark patches under your eyes? Do you feel that you are growing old? Are you annoyed at night with sleep disturbing bladder irregularities? Would you like to know of a good remedy for kidney trouble, the cause of most of these symptoms and ailments?

The best good-health insurance known is to keep the kidneys and urinary tract in the proper condition to do their work of filtering and throwing out from the blood stream, uric acid and poisons that settle throughout the system when the kidneys fail in their work.

Foley Kidney Pills

will tone up and invigorate your kidneys. They banish backache and other symptoms of weak and disordered kidneys. They start you right toward good health. They soothe and heal the bladder and regulate the liver.

Why suffer when such a well-known remedy can be had with so little effort?

Mrs. Elsie E. Kleepe, Averill, Minnesota, writes: "I was at Fargo Sanitarium for three weeks at one time and two weeks at another time for rheumatism and kidney trouble and got no relief. And on my return home I began using Foley Kidney Pills and found immediate relief and about half a bottle completed the cure. I always have them on hand and use them when I feel any pain in my back."

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, weak or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Mrs. Rebecca Cowan who passed her seventy-eighth milestone yesterday, has not allowed her advanced years to interfere with her claim to housekeeping, which is proved by the fact that the dinner which was given yesterday at her home in Milroy, was prepared entirely by her own hands. The white china which Mrs. Cowan used in serving the birthday dinner, was that with which she started housekeeping many years ago. Covers were laid for the following guests: Mrs. Lyons of Milroy, Mrs. Susan McColgin and Mrs. Jane T. Kincaid of this city. Mrs. Cowan is an aunt of Mrs. Kincaid.

Last evening at her home in West Seventh street Miss Naomi Rankin entertained with a pitch-in supper in honor of Mr. and Mrs. Ota Hoekersmith who were recently married.

Is Popular Enterprise For Red Cross

Egg Drives Which Are Being Conducted in Every Part of the County Bring in Goodly Amounts For Red Cross County Treasury. War Mothers and Plum Creek Auxiliary Launch Most Recent Campaign.

Egg drives in Rush county have become the most popular as well as the most profitable enterprise in the Red Cross circles since the organization of the county chapter and its auxiliaries. Already reports from two or three in the county have netted in the neighborhood of two hundred dollars each.

The drive which was conducted by the Rush county war mothers association in the northern part of the county a few days ago brought a total of seventy-five dozens of eggs and in addition \$1.38 was collected from people who were unable to supply the eggs.

In every home in which the solicitors called they were given at least one dozen of eggs with the exception of two places where one woman and one man refused to donate to the fund. The names of the women who swelled the egg drive fund were as follows:

Mrs. Laura Gorton, Mrs. L. L. Owens, Mrs. Will Prime, Mrs. Eli Martin, Mrs. Fred Rettick, Mrs. Bert Hollowell, Mrs. John Cohee, Mrs. Walter Gartner, Mrs. Jesse Adams, Mrs. Bert Cohee, Mrs. Jessie Trobridge, Mrs. Allen Colter, Mrs. Ben Whitton, Mrs. Thomas Ertel, Mrs. William Ertel, Mrs. Richard Gartner, Mrs. George Estel, Mrs. Cortha Wagner, Linnea Hayes, William Knecht, Edward Hood, James Hayes, Joseph Eskew, George Kenner, Walter G. Carson, William Hall, Miss Margaret Hays, Mrs. Milton Frye, Mrs. Michael Coyne, Mrs. Elbert Gordon, Mrs. Glen Abernathy, Mrs. Robert Hall, Mrs. Jacob Parrish, Mrs. A. J. Leamon, Mrs. James Gartin, Mrs. Charles Guffin, Mrs. Ora Hittle, Mrs. Thomas McCarthy, Mrs. Frank Jones, Mrs. A. L. Kennedy, Mrs. Grace Kennedy, Mrs. Claude Walker, Mrs. A. Sharp, Mrs. Morton Hinckman, Mrs. Leonard Wewee, Mrs. Webster Travis, Mrs. John Quirk, Mrs. Fred Bell, Mrs. Robert Brooks, Mrs. Welcome Aikin, Mrs. P. T. Hollowell, Mrs. Julius Miller, Mrs. Albert Bitner, Mrs. George Newhouse, Mrs. James Whitely, Mrs. A. D. Eakins, Mrs. John Whitan, Mrs. Frank Whitten, Lotus Hollowell, Horace Glidden, Mrs. Anos Glidden, Mrs. William Arnold and Mrs. Lafa Hall.

A similar drive was conducted by the women of the Plum Creek auxiliary on Monday afternoon when 331 dozens of eggs were collected in 120 of Union township. The proceeds from the eggs and four sacks of corn which one man, who had no eggs to contribute, amounted to more than \$102. The entire amount was turned over to the local headquarters because the auxiliary which raised the money have no boys in the army.

The money raised from the egg drive conducted by the war mothers will be used to purchase yarn to knit for their sons.

REVIVAL STARTS TONIGHT

Services to Be Held at Arlington M. E. Church for Ten Days

The Rev. E. B. Westhafer, an evangelist of the north Indiana Methodist conference will assist his brother, the Rev. M. F. Westhafer in the revival service which will open tonight in the Arlington Methodist church and continue during the next ten days. The services will be conducted each night at eight o'clock and in connection with the services for the children stereopticon slides will be used, demonstrating to the children, various biblical events.

Days Pickings

The funeral services for Mrs. Flaye Patton Meek, wife of Loren Meek of Vancouver, Wash., who died there last Sunday, were conducted this afternoon at the home of Mrs. Meek's father, Carey Patton of Anderson township. The services were conducted by the Rev. Mr. Jewett of Indianapolis, after which burial was made in East Hill cemetery.

John Morris Wagoner, little son of Mr. and Mrs. William Wagoner was badly scratched about the face and head yesterday when he attempted to separate two dogs which were fighting. The injuries are not expected to prove serious as it is believed he was not bitten by either of the animals.

The funeral services for Mrs. Sarah Murphy who died Tuesday evening at her home in West Third street will be conducted at the residence tomorrow morning at ten o'clock with burial in East Hill cemetery. The Rev. L. E. Brown will have charge of the services.

A girl was born to the wife of O. D. Tyner May 1 at their home in Oak Park, Chicago, according to an announcement received here. Mr. Tyner formerly was mathematics professor in the local high school.

The Union State bank has filed suit in the circuit court against Joseph E. Hardin, and others on notes and to foreclose a mortgage. J. W. Tumes has sold a Charley Haytt mare to Fred Swain of Indianapolis for \$250.

GOING WITHOUT BREAKFAST WILL BE ONLY HARSHIP

Continued From Page 1 changes have been made in the personnel of the increment since it was announced several days ago.

The same admonition is issued to the people of Rush county to be at the train in the morning and let the men know that they are interested in their welfare and will stand behind them while they are fighting the Hun in France.

An increment of ten men leaves Saturday morning at 7:10 over the Pennsylvania for Camp Taylor, Ky. They report at the clerk's office tomorrow afternoon at one o'clock. Although only ten leave here, eleven are in the quota because James Beckner, who registered here, will be sent from Kentucky where he now lives. There were prospects today that an alternate would have to be taken on the Camp Taylor call because Ernest B. Hall, who was last reported to be at Atchison, Kansas, has never responded to the board's notice calling him here.

WAR WORRIES UPSET HEALTH

It is agreed by medical authorities that worry affects the digestive organs. When the digestion is out of order, it throws the whole physical being out of gear. B. B. Hayward, Unadilla, Ga., writes: "Foley Cathartic Tablets give me quicker relief than anything I have ever tried." They relieve biliousness, bad breath, bloating, gas, indigestion and constipation. No griping or nausea. F. B. Johnson.—Adv. 5

Hull's Superlative is Meeting With Tremendous Success

Splendid Results Are Reported By
Dozens of Rushville Men and Women
Who Are Taking Hull's Superlative

Every day new friends of Hull's Superlative are found. People having various stomach and nerve upsets of long standing are rapidly regaining their former good health by taking this great preparation. Coughs, colds, the grip and tonsillitis are routed in a hurry by Hull's Superlative, and every dose taken into the system enriches the blood and builds new tissue so necessary to ward off disease, sickness and failing strength.

Men and women who have slight ailments find their trouble vanishes almost like magic after a few doses of Hull's Superlative have been taken. Their step is more elastic their eyes take on the sparkle of youth, their skins clear up and they look and feel so much better and are stronger and more energetic.

Nature's Vitality-Builder

Hull's Superlative is a great success because it builds vitality. It contains just what a sick or ailing body must have to establish a proper health-balance. Hull's Superlative is the liquid essence of seven

roots, bark and one berry, and by analysis shows that it contains in highly concentrated form the very salts and minerals of which the human body is composed, and a proper balance of which is necessary to maintain normal health and strength.

Science has proven that where one or more of the minerals of the body is lacking in sufficient quantity sickness results, and by restoring these same elements to the blood, the disease-weakened tissues grow firm and strong and good health then results.

Sold on Absolute Guarantee

Hull's Superlative is sold on a money-back guarantee. Every druggist is told to refund the purchase price should any customer bring back the partly filled or empty bottle and say he did not get the results he should. This is such a fair and liberal offer that every reader of this paper who is sick or ailing should get a bottle and prove the worth of the preparation in his own particular case.

For sale and guaranteed by all druggists. (Adv.)

PLAN MONSTER PROBE HOLLAND DEMANDS MORE EXPLANATION

Gregory-Hughes Investigation Will Look into Every Phase of the Aerial Question

SENATE WILL DEFER ACTION

Washington, May 23.—Attorney General Gregory and Charles Evans Hughes have determined upon a far more sweeping investigation of the aircraft production program than at first planned—and as a result the senate military committee probably will defer its action in the matter.

The Gregory-Hughes probe will not be limited merely to charges of dishonesty against the aircraft board but will be a comprehensive inquiry to determine whether there is need for civil suits as well as criminal.

Dutch Shipping Committee Also Objects to Sending Bottoms For American Wheat Cargoes

ASKS SHIPS HERE BE USED

Washington, May 23.—Answering the American reply to the Dutch ship seizure, Holland has informed the state department that she regards as insufficient the explanations made by this government.

The inference is that she invites further correspondence over the requisitioning of her ships.

This government is insisting that Holland send idle shipping here to take away wheat saved for her. On the other hand Holland takes the position that the wheat must be sent in bottoms now here and that she is not forced to send vessels out of Holland whenever a wheat cargo goes forward.

U.S. FIELD ARMY FORMATION

Had Been Undertaken When Baker Was in France

Washington, May 23.—Formation of the first American field army had already been undertaken when Baker was in France.

Maj. General Hunter Liggett was working on the organization plans and Gen. Pershing also had the problem under consideration.

Liggett's prominent part in shaping the plans was taken as confirmation of the report that he would be made commander of the army.

TO ABANDON U-BOAT BASES

Berne, May 23.—German naval authorities are preparing to abandon the Zeebrugge and Ostend as U-boat bases because of the recent blockade effected by British naval forces and the constant harrassing by British bombing planes, according to information received from Berlin.

HARD WORK FOR WOMEN

It is a question if women doing men's work deserves particular sympathy, for it is doubtful if there is any work that is harder than everyday housework. Overwork tells on the kidneys, and when the kidneys

are affected one looks and feels older than the actual years. Mrs. A. G. Wells, R. R. 5, Rocky Mount, N. C., writes: "I cannot praise Foley Kidney Pills enough for the wonderful benefit I have derived from their use for a short while." F. B. Johnson.

Did You or Yours Ever Suffer Like This?

Has your little boy ever torn his mother's heart with a plaintive cry, day after day, for food she could not give him?

Has your little girl ever shivered night after night in the ruined cellar of what was once her home?

Has your wife ever been tortured by the Prussian fiends? Has your house—your whole city—ever been destroyed?

Have you or your dear ones ever suffered like this? It is for exactly such suffering that the Red Cross is organized.

It now needs One Hundred Million Dollars. Can you—dare you—refuse to give to this work—and give till the heart says stop?

Millions of loyal Americans will pledge a part of their earnings during June, July, August and September.

What Will You Do To Help?
Red Cross 2nd War Fund May 20-27

Every cent given to Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It is made up almost entirely of volunteer workers, 10,000,000 unselfish Americans.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn Allied country.

It is there to help our soldier boys in time of need.

By helping the starving women and children in the ruined districts of France and Italy it performs a distinctly military service. A soldier who knows that Red Cross is helping his family fights with renewed spirit.

Thus does Red Cross help to win the war. Congress authorizes it. President Wilson heads it. The War Department audits its accounts. Your Army, your Navy, and your Allies enthusiastically endorse it. Twenty-two million Americans have joined it.
